SOCAL VIDEOS GIVE AN INSIDE LOOK AT CAREERS IN OCEANSIDE

SOCAL (Student Opportunities for Career Awareness and Learning) helps students understand career and educational opportunities across multiple industries and provides a forum for students to begin taking meaningful steps toward becoming members of tomorrow's workforce.

SOCAL is a collaborative program between education and industry created by Tri-City Medical Center, the San Diego North Economic Development Council, and Oceanside, Carlsbad, Vista, Escondido, San Marcos, and Encinitas Chambers of Commerce. SOCAL helps middle school, high school, and post-secondary students and transitioning adults gain insights into career pathways while allowing businesses and local organizations to participate in these students' career exploration.

You can check out the SOCAL videos for over ___ North County companies here: If you would like to have a video created for your company or organization, contact: [Oceanside Chamber of Commerce](#) at 760-722-1534.

IN THE SPOTLIGHT - XTR EPOXY TECHNOLOGY

[XTR](#) has been building **Epoxy Surfboards** for over 30 years. Offering the top surfboard brands their patented closed-cell foam core epoxy technology.

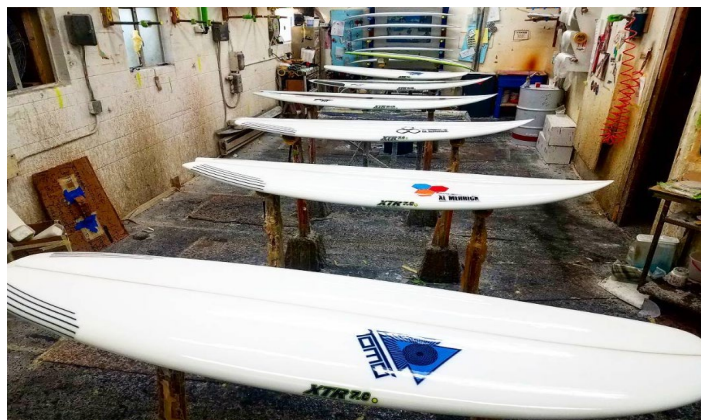

Epoxy Pro was founded by Javier Huarcaya-Pro in 1991 to provide Epoxy glassing services in Southern California.

The company started very small, glassing everything Epoxy - sailboards, paddle boards, and wave skis, but mainly surfboards. During the early years, the epoxies were growing in popularity. XTR was glassing for many shapers in California. The industry's top shapers have worked with Epoxy Pro due to the quality of the product and the craftsmanship they provide. Many more top-rated shapers have been and are still their customers.

The City of Oceanside looks forward to helping more businesses open and expand in 2023. Economic development staff is available to assist with site selection, market data and other resources to help businesses locate, stay and grow in Oceanside. For more information, contact Michelle Geller, Economic Development Manager, at mgeller@oceansideca.org or (760) 435-3351.

XTR offers the world's top surfboard brands patented closed-cell foam core epoxy technology with industry-

leading anti-yellowing epoxy resin.

XTR Epoxy Technology is located at 226 Via Del Monte.

Would you like your business featured in a weekly **Oceanside Business Spotlight**. Each week we will spotlight an Oceanside business on our [@oceansidebiz](#) social media accounts. Contact us at: osidebiz@oceansideca.org if you would like to be featured.
