3. Structure

This Committee has no standing/continuous committees. Ad hoc committees are periodically formed for review of specific issues and items, as necessary.

4. General Goals and Tasks

The Committee strives to assure that all harbor and beach interest groups are appropriately represented and informed regarding activities, events, improvements and issues affecting their use and enjoyment of this public recreational venue. To this end, the Committee shall endeavor to:

- A. Promote resolution of issues addressing vessel safety in the harbor.
- B. Monitor ongoing and future harbor and beach improvements and participate in public planning efforts, as necessary.
- C. Promote ongoing federal harbor maintenance dredge funding, beach sand replenishment, and inform respective constituencies of the issues.
- D. Encourage, promote and support appropriate boating, water pollution, shoreline erosion and water-related special events in the harbor and beach area.
- E. Review issues of concern raised by harbor and beach users, as necessary.
- F. Promote potential solutions to erosion along with opportunities for sand replenishment and retention structures of local beaches.
- G. Promote public education and awareness regarding current issues affecting beach erosion and replenishment.
- H. Participate in regional associations which further beach protection such as SANDAG Shoreline Preservation Working Group, Shore and Beach Preservation Association, etc.
